**PUTTING
HOPE
ON THE MAP**

WHO IS HOPE?

We affectionately refer to our logo as HOPE. The stars symbolize the limitless progress patients can make in their journey forward, as well as the “North Star” of the organization’s mission to care for patients. The stars are four-pointed like a compass to guide our patients through their journey of evaluation, diagnosis, and treatment.

As we expand our medical, psychological and behavioral services to communities throughout Pennsylvania and New Jersey, we are also extending HOPE to more individuals and their families.
